

Why JC Security Systems?

Professional custom installation tailored to meet your life style and needs.

Competitive pricing . . . NO commissioned sales people to steer you off course. Recommendations based on your needs from an experienced security professional and installing technician.

Our twelve month service excellence guarantee... We are confident our equipment and installation will withstand the test of time.

Service when you need it . . . Should you need assistance, you will always get a person that can handle your request. NO menus or answering service to frustrate you. All calls are answered by an experienced professional 24/7, 365 days a year.

The BUCK stops here! We service what we install. We do not sell our jobs (our customers) to another service provider after the installation is completed.

We do not offer the least expensive equipment to win your business, or to increase our bottom line. Only the best equipment will bring about true . . .
Peace of Mind.

Your satisfaction is critical to our success and reputation. Therefore, our goal is to exceed customer expectations for Quality, Service and Value.

Fax: 785-267-0921

Because nothing is more important than your home and family.

!!! ALERT !!!

As some of you may know I have torn my MCL in my knee and have not been able to work. I am waiting for surgery to be scheduled and, unfortunately will be out for some time. During my absence my daughter and my wife will be answering your calls and questions. My technician, Kris will continue to be available for - your alarm system needs. I do apologize in advance for any inconveniences that you may experience due to my temporary absence.

INTRODUCTIONS

Hello, my name is Christine and I am Mrs. Pillay. I will be taking emergency calls in the evenings.

Hello, my name is Andrea and I am Louis' daughter. I have already had the pleasure of speaking with some of you and then, there are those of you who've watched me grow up. Please address all calls to me during the day. I don't have all the answers, but I can help you a bit better than my mother who you will reach if you call after 6pm. Thank you for your patience with our company during this time.

Late Fee . . .

Why do we (companies) charge? customers a late fee, if their payment is not on time? Late payments generate extra work for companies in the form of phone calls and/or additional the 17th of each billing cycle. Payment is due on the 1st, but no later than the 10th of the month. To avoid the late fee, mail your payment (postmarked) no later than the 9th of the month.

SMOKE DETECTORS

Most of the smoke detectors we install require cleaning once a year per factory requirements. If it fails at night and you have not had it cleaned you will have to disconnect your system and call us on the next business day. To avoid this we're offering to have them cleaned for \$75.00. If it needs to be replaced, further charges will apply

Reviewing Your Account Information On-Line

www.rapidweb2000.com

Remember, your security system activity, and a host of other information is available on-line. Simply go to the above link, and click on RapidWeb. For the, "User ID", enter your account number (example 061xxxx, 165xxxx, 800xxxx) For the, "Passcode" (case sensitive) enter the word or number you use to cancel an alarm dispatch. You cannot update or change information here. However, you can send updates via US mail or fax (785-267-0921)

DO I NEED A HOME PHONE IN ORDER TO HAVE A MONITORED ALARM SYSTEM?

If you have asked yourself this question, the answer is no. We now offer upgrades to your original system if you have internet service. The upgraded system offers all the security you are currently receiving, however it runs off of your internet with a radio backup to protect you in the event the internet goes down. We have several customers who have opted to go with this service in order to get rid of their home phone line that they simply don't use much. With the use of cell phones, more and more people are choosing to eliminate their home phone. If this is something of interest to you, please contact us for pricing on the upgrade.

Internet, cell phones, or PDA's.

REMINDER

Please tear off bottom portions of your invoice and return them with your payments. Thank you
